Choosing a college is an important decision. It can also be a difficult decision because there are so many colleges to consider. As the only university located on its own island, Texas A&M University-Corpus Christi is a learning destination like no other.

Our island location is not the only thing that sets us apart. We offer top-rated degree programs, world-class professors, meaningful research opportunities, and a unique learning/living environment. You can study abroad for a semester or during the summer or both. We provide more than an affordable education. We provide a caring community that becomes your second family. You can be yourself here, and we can help you discover your strengths and expand your potential.

With a dual-language laboratory elementary school located right on campus, the College of Education & Human Development delivers exemplary field-based teacher preparation programs recognized by the National Council on Teacher Quality. While we are proud to train the next crop of teachers and school administrators, our college offers even more choices. The Department of Kinesiology, located in a state-of-the-art athletic and health science facility, trains future exercise science professionals through their groundbreaking research, award-winning faculty and focus on effective athletic training skills.

CLA.TAMUCC.EDU
From deep-water assessments to the latest frontier in flight, the College of Science and Engineering provides a foundation for you in computing sciences, engineering, biomedical, environmental, and life and physical sciences.

Our engineering and Unmanned Aerial Systems (UAS) programs are nationally recognized. Marine science majors may someday use remotely operated vehicles to identify new species, maintain and restore oyster reefs and explore the diversity of aquatic life with genomics. Life science students explore beneficial and harmful organisms in clinical and environmental settings.

Our focus on academic quality, economic development in the Coastal Bend, and student opportunities prepare you for rewarding careers. We offer attractive scholarships, internships with leading companies, hands-on projects and low-cost study abroad opportunities in Europe, Asia and Latin America to help you gain valuable professional experiences. Your degree comes with the added distinction of the school’s accreditation in business and accounting by the AACSB, a recognition achieved by less than one percent of universities in the United States.

We also offer a Bachelor of Business Administration (BBA) degree on The Texas A&M University System RELLIS Campus located in Bryan, Texas. This collaborative new campus includes majors in Accounting, Finance, Management and Marketing.

COB.TAMUCC.EDU
University College focuses on your success by providing the First-Year Learning Communities Program and the Honors Program.

**FIRST-YEAR LEARNING COMMUNITIES PROGRAM (FYLCP)**

As a first-year student, you will take part in a learning community with two to four linked courses — one of which is First-Year Seminar — with a cohort of 20 to 25 of your peers. These small learning communities help you make a successful academic and social transition to the Island University by connecting you to faculty, resources and other students.

As an FYLCP student, you will:

- Explore connections between your classes
- Develop critical thinking, communication, research and information literacy skills
- Enhance your ability to learn through reading, writing, discussion and collaboration
- Reflect on your personal values, goals and strengths

You will participate in a First-Year Symposium at the end of the fall semester and have the opportunity to present original research at the First-Year Research Conference in the spring.

For more information about the FYLCP, please visit [ucoll.tamucc.edu/FYLCP/learning-communities.html](http://ucoll.tamucc.edu/FYLCP/learning-communities.html)

UNDERGRAD.TAMUCC.EDU
HONORS PROGRAM

This program goes beyond classroom learning and helps you to reach your greatest intellectual potential. You must be accepted into this program for academically advanced students. Admitted students take 18 hours in addition to their major, receive scholarship funding, and have opportunities to work on original research, study abroad, travel and be part of a unique community. To learn more about the benefits, requirements and admissions process, please visit honors.tamucc.edu.
Living on campus provides more than just a great view and beach access. Studies show that you are more likely to graduate on time and with a higher GPA. You’re also close to classes, dining, the library, and events. On-campus housing provides staff and programming to help you succeed.

We want to get you off to a great start, so first-year students are required to live on campus. Some exemptions may apply, including for local students who plan to commute.

Please visit housing.tamucc.edu for more information.

We offer two campus housing community options:

**MIRAMAR**

Located on the Island Campus, Miramar is the best choice if you want a traditional campus living experience. With residence hall and apartment floor plans, there are many options and it only takes a few minutes to walk from your room to class. Leases are for the academic year with optional summer leases. Students at Miramar must have a campus dining meal plan.

**MOMENTUM VILLAGE**

Momentum Village is located on the Momentum Campus and features apartment and townhome floor plans. You can take the free shuttle to the Island Campus. Featuring study rooms, a pool, 24-hour gym and other recreational amenities, Momentum Village offers an engaging residential experience. Leases run August to July. Meal plans are optional.

Whatever choice you make, living on campus always makes sense!
APPLY FOR HOUSING

Once admitted, apply for on-campus housing at housing.tamucc.edu to select your community and floor plan. Floor plans are assigned on a first-come, first-serve, space available basis. Apply as early as possible to have the most floor plan options available. Residents can select their room and roommates beginning in January.

All housing includes:

- Fully furnished units
- High-speed internet
- All-inclusive rent with utilities*
- Electronic locks/restricted access facilities
- Swimming pools and recreational facilities
- Individual leases
- Roommate matching

* Momentum Village residents have a monthly electricity cap.

TRANSPORTATION

- All Islanders ride CCRTA buses for free.
- Weekday shuttle between Momentum and Island campuses.
- Routes also take Islanders to shopping and entertainment areas. (Visit ccrtा.org for more information)
- Parking permits required for personal vehicles on the Island Campus.
LIFE ON THE ISLAND

There is more to an Islander education than labs and lectures. We offer over 150 student organizations, an active Greek community, recreational and club sports, intramurals, volunteer and leadership opportunities and so much more.

We encourage you to make the island your second home. Explore your interests, try new things, meet new people and get the most out of your college experience.

Did we mention the beach and water sports? Stroll across the street to University Beach for fishing, kayaking and other water sports.

Food is important when you’re on the go. Our dining hall is open seven days a week and offers take-out meals. We also take care of your vegetarian, vegan, and made-without-gluten needs. Many meal plan options are available.

Other dining options include:
Subway, Starbucks, Pizza Hut, Panda Express, Chick-fil-A, Einstein Bros. Bagels
Known as the "living room" of the campus, the University Center is your relaxation destination. Grab an open spot in front of the big screens in the Tejas Lounge or challenge your roomie to a Guitar Hero battle royale in the Breakers Gameroom.

The Dugan Wellness Center offers basketball courts, group fitness classes, free weights, cardio equipment and even a cardio theater. For a small fee, you can also rent outdoor equipment such as camping gear, kayaks, surfboards, disc golf sets and much more!

College is a big step, and we are here to help you every step of the way. Whether you’re applying for admission or financial aid, choosing a major, registering for classes, looking for extra help in your classes, or preparing for job searches after graduation, we have services in place to help you.
TRADITIONS

HOMECOMING
Tip-Off Picnic, Lighting of the “I” Spirit Rally, Friday Fiesta and Tailgate Party are just a few of the traditions you can enjoy before heading to the basketball games.

RING WISH
Toss a sand dollar into the Lee Plaza fountain for good luck when you get your official class ring.

ISLANDER LEI
This commencement tradition welcomes graduates as the newest members of the Islander Alumni Association. Prior to commencement, graduating seniors purchase a lei, which represents the beauty of the campus landscape. Before the ceremony, alumni present the leis to the graduates.

THE BIG EVENT
Share your impact—spend a day helping people in need and connect with the Corpus Christi community by signing up for The Big Event. Islanders began participating in The Big Event in 2008, and it has grown every year. More than 1,100 students served at 70 sites last year, so this is an event you won’t want to miss!
TRADITIONS

PARADE OF NATIONS
Get a sampling of the nations that are represented at the Island University during this annual showcase that includes traditional dances, music and food. It’s planned and performed by our international students to help us get to know their cultures.

ISLANDER LIGHTS
This annual holiday event brings together students, faculty, staff and the community for a festive kickoff to the holiday season. The campus is covered in blue and green lights and includes a ceremonial tree lighting. The event features holiday activities, music, and food, and visitors can make donations to Toys for Tots while they enjoy the lights.

ALOHA DAYS
This three-day camp for First-Year students introduces you to the Island University, its traditions and student organizations and helps you make new friends.

CONVOCATION
This annual ceremony officially welcomes First-Year students to campus and celebrates the beginning of the students’ entry into the Islander Community.
GET INTO THE GAME

Your SandDollar$ ID is your free pass to every exciting NCAA Division I home game on campus and at the American Bank Center. Join the “Deep End” — the official Islanders Athletics fan club — for pre-game tailgating events and special activities on game day. Make sure you check out Islanders Pavilion at Water’s Edge Park downtown. You can get in a game of basketball or watch our very own Beach Volleyball team in action!

When you want to take a break, Corpus Christi and the Coastal Bend have a lot to offer. The area averages 250 days of sunshine each year, and more than 100 miles of beaches make the area a prime location for water sports including fishing, kiteboarding, wind surfing, sailing and more. The city is home to the Texas State Aquarium and the USS Lexington and hosts a variety of street festivals throughout the year.
**TAKE A TOUR**

The Islander Welcome Center is open throughout the week to give customized 60–90-minute tours, as well as maps and details on getting enrolled. Call 361.825.8687 or visit tour.tamucc.edu to schedule an appointment.

Can’t wait? Check out our virtual tour of campus and start exploring now! Virtualtour.tamucc.edu

**ISLAND DAY**

Spend the day with us at one of our Island Day campus preview events.

- Tour the campus
- Learn about our exceptional academic programs
- Meet our faculty and current students
- Get help with your application and financial aid forms
- Find out about student services
- Check out on-campus housing

EASY STEPS TO BECOMING AN ISLANDER

☐ Complete the online application at applytexas.org
☐ Submit the $40 application fee ($75 for International Students)
☐ Submit your official high school transcript or GED scores
☐ Submit official transcripts from all colleges and universities attended
☐ Have SAT and ACT scores sent directly to the university. The codes are: SAT: 0366; ACT: 4045

PRIORITY APPLICATION DATES

Your application, application fee, transcript, test scores and all documentation must be received by the Office of Recruitment & Admissions by:

- Fall Semester: March 1
- Spring Semester: November 1
- Summer Semester: April 1
Texas A&M-Corpus Christi awards approximately $15 million in institutional and endowed scholarships and waivers for students that demonstrate outstanding academic performance and/or financial need. We also distribute nearly $40 million in federal and state grants each year, so your Islander education is very affordable. For more information, visit scholarships.tamucc.edu or call 361.825.3703.

Priority date to apply is December 1.

Customized tuition and fee plans available for each program at tuition.tamucc.edu
